*KUCI 88.9 FM PO Box

### **COMPANY DESCRIPTION**

---

KUCI started as a pirate radio station, because even back then, there were people sick of commercial radio. There are currently no independently owned commercial radio stations in the greater Los Angeles area. This is the reason that if you call up a commercial station and request a song, you won't hear it if it's not the flavor of the week. Public affairs shows are not immune to this, either. There are almost no people who are willing to express a non-politically correct opinion, because they are deathly afraid of losing sponsorship.

### **DUTIES & RESPONSIBILITIES**

Interns will be utilized on and off the air, and will be working closely with the KUCI News Staff. They will gain deeper experience and if necessary, trained, in audio editing and recording, interviewing, and creating original and professional news bytes for the air.
